Ten Year Fire Statistics

These values represent the total number of DNR fires and acres burned over the last ten years from January 1 to the date of this report. *Note that the average is calculated on 2010-2019 numbers to allow for editing/finalizing of 2020 statistics.*

Report created from EIRS on: Tue Jun 23 08:50:28 2020

Data Disclaimer: Statistics for DNR Wildfire Reports are compiled in DNR's internal Emergency Incident Response Statistics (EIRS) software from the regional dispatch offices. Statistics are subject to editing, and may vary throughout the season until finalized at the end of the year.
